

RAJA LIMA

RETREAT & GROUP INFORMATION · 2026

Host your retreat with us, where your group is cared for.

You lead the practice. We take care of the rooms, the food, the spa and the journey here.

WHY THE EAST SIDE OF NUSA PENIDA

For groups who know Ubud, Raja Lima shows another side of Bali: open ocean, wild cliffs and an island with a spiritual energy of its own.

Raja Lima is a small village of bungalows of traditional gladaks, wooden Javanese houses revisited with natural stone, on the cliffs of Nusa Penida's east coast, a short speed-boat crossing from Bali. We build and run it with respect for the environment. Our team comes from the neighbouring village; we trained them in hospitality from the very beginning, and they look after every guest with extra care. Nusa Penida is a spiritual island of temples and ceremonies, and many guests feel its special energy. Raja Lima itself was built in partnership with local priests.

Three of the island's most iconic places are within walking distance, so the road gets busy with day-trippers in the afternoon. Raja Lima sits right at the heart of these highlights, yet it gives your group the rare chance to enjoy Diamond Beach, Atuh Beach and the Treehouse viewpoint before and after the peak hours, in the early morning and after 4 pm. Inside Raja Lima it stays peaceful all day.

OUR EXPERIENCE

Every group so far has booked again

We host 6 to 7 retreats a year, for groups coming mostly from Europe and Brazil. To date, every one of our retreat clients has booked again for a future retreat with us. In 2027 and 2028 we will progressively open more dates for groups, so we recommend reaching out early.

Let's plan your retreat together

Send your dates and group size on WhatsApp or by email.
